Grey Owl Golf

Costa Brava

Beach at
Platja D'Aro

PGA Catalunya

Girona

Costa Brava

- Excellent golfing area with a host of fantastic courses most still at sensible prices.
- Excellent flight access from the all over the UK into Barcelona and Girona airports.
- For your base choose between the bustling city of Girona and the more relaxed but lively seaside town of Platja d'Aro.
- Top class golf at PGA Catalunya where the *Stadium Course* is ranked top ten in Europe and other excellent courses at Golf D'Aro, Emporda, Pals, Serres de Pals, Girona and Golf Costa Brava
- Excellent value hotels in both Girona – Peninsular and Carlymena and the beachside Hotels in Platja D'Aro – Hotel Aromar and Costa Brava.
- Excellent new road network makes the courses easily accessible from either base.
- Food and drink are very good value – even if you don't take up the excellent half board option in Platja D'Aro you can eat and drink very well without breaking the bank.
- Sunshine venue with near guaranteed sunshine April to October.

Hotel S'Agaro

Hotel Costa Brava

Hotel Carlymena

Costa Brava Hotels

Hotel Costa Brava

Great value hotel in a super position on a rocky crag over looking the sea. Comfortable rooms and a good restaurant with just a 5 minute walk to the main areas of town make this hotel a winner.

Platja D'Aro

Hotel Aromar

Modern style hotel right on the beachfront in Platja d'Aro and 5 minutes walk to the main street- we only use the upgraded club rooms where you will be comfortable, close to the action and pleased with the price

Platja D'Aro

Hotel S'Agaro

Lovely 4 star hotel in the little seaside resort of San Pol where only the garden with swimming pool separates it from the sea. San Pol has a few other restaurants and bars (both of these are good in the hotel). Not a lively town but it is beautiful.

Platja D'Aro (San Pol)

Hotel San Jorge

Fantastic position on the clifftops above the sea about 1 mile outside Platja d'Aro. Good rooms with the added benefit of pool, sauna, jacuzzi plus a good bar and restaurant make this a good choice at a great price for a 4 star hotel.

Platja D'Aro

Hotel Peninsular

Simple comfortable hotel in the centre of Girona. If you want the life of a bustling city at a fantastic price then stay at the Peninsular.

Girona

Hotel Carlymena

Lovely 4 star hotel in the heart of Girona offering quality accommodation at a reasonable price. The rooms are very spacious and well equipped of genuine 4 star quality. The hotel also has great bar and restaurant.

Girona

Girona

Golf Platja de Pals

PGA Catalunya

Costa Brava Courses

Golf Costa Brava

Delightful tree lined course just outside Platja d'Aro. Not overlong but very good condition and most enjoyable. You get a great feeling that you are playing by yourselves.

Platja de Pals

Beautiful golf course almost all lined with umbrella pines, it has good shape and its always immaculate condition makes this a great bet.

PGA Catalunya

Two full 18 holes now in operation and they are both wonderful. The original *Stadium Course* is absolutely magnificent, now ranked 3rd in Europe, with wonderful use of the contours of the ground, combined with some spectacular water holes and top quality greens, make this one of the best tests of golf in Europe. The newer *Tour Course* is also a great test. Not quite as long but built with the same sympathetic ingenuity to make a very good course indeed. Buggies available.

Girona

Good parkland - the course is nestled down in a valley and has a nine hole loop on either side of the clubhouse. Trees are everywhere and on the back nine the holes herring bone down the valley from elevated tees, making tight picturesque golf. Absolute pleasure. Buggies available.

Serres de Pals

Newer sister course to Platja de Pals this course is more open, but the holes are well shaped with great use of the water features - good golf course. Buggies available.

Emporda

36 hole set up - the old course is a classic combination of fairways lined with umbrella pines and well protected greens. The newer links course is long and tough with lots of water and wind often a strong influence- it was specifically built for the Tour School to test the young guns. Tough but classy.

Torremiona

Top class parkland set up - it's quite open but long and well bunkered and with quality greens it'll test your length and accuracy. It's about 30 miles north of Girona and probably too far from Platja d'Aro to be worthwhile.

Golf D'Aro

Golf Perelada

Costa Brava Courses

Peralada

Long course with mostly wide open fairways and large greens. While you can open shoulders in lots of places there is good bit of well placed water and woodland that stop it being a patsy. 9 and 18 are great - you will enjoy this track.

Golf d'Aro (Mas Nou)

Not overlong at 6553 yards but one of the most testing courses in the area. Links style course set right on the sea with large bunkers, lots of fairways and quick greens as well as some great water features. A Little gem.
